Mahaska Chamber & Development Group
Communicator

George Daily Auditorium was able to renovate the amphitheater through several grants including Arts Midwest and the Mahaska County Community Foundation. Life Scout Taylor Drost started raising funds last September for benches and the trail work for his Eagle Scout project. Drost said that $30,000 was raised which far exceeded his goal. He stated this has been a great community project that would not have been possible without the community support. The first performance at the venue was held in August with approximately 220 in attendance over two nights. The George Daily Auditorium looks forward to spring and fall programming at this location!
